

Stella Umunna Biography

Stella Umunna is an accomplished software engineer based in New York City. In 2021, she became a member of Toastmasters and currently holds five leadership positions:

President Gastronomy Toastmasters

VP of Education for the Hudson River Toastmasters club

VP of Education for the Podcast Pioneers club

Division C Director

District 46 Webmaster

Outside of work, she volunteers her time to run a Virtual Reality 101 program for underserved children in Yonkers. Stella is committed to continual personal growth and sees life as a journey of self-discovery. Her ultimate ambition is to use her tech expertise to solve global issues and communicate their significance to the world. As a transformative leader in the tech industry, she aspires to make a positive impact.

Throughout her tenure at Toastmasters, Stella has been committed to fostering an environment of learning and growth, not only for herself but also for her fellow members. Her experience in these leadership roles has deepened her understanding of effective communication and leadership and reinforced her belief in the power of a supportive community in personal and professional development.

Stella is now poised to bring her experiences, insights, and enthusiasm to the role of Club Growth Director of District 46. Her aim is to lead the district towards greater achievements and to create a welcoming, inclusive environment that encourages every member to reach their full potential.
